## Unbind from Cloud Account

Occasionally, you may come across the need to unbind your uniview tec NVR from its current cloud account. Either a new user is taking over an existing system or the cloud account is no longer accessible are some examples.

## Unbind via Recorder:

1. From the screen-interface of the Recorder, right-click on the screen to access Menu selection as shown below: (You may be prompted to login if you haven't already)
